MARQUEES

Our Modern Trapeze Marquees are a beautiful alternative to traditional ones. Two modular sizes are available - hire one for an informal garden party or create a combination for a wedding reception, larger Summer Ball or public event. Contact us to discuss your needs.

# Example Floorplans

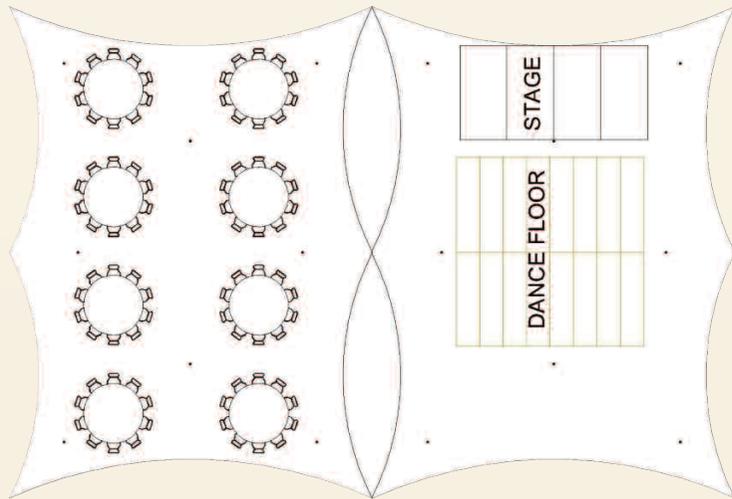

Our Trapeze Marquees provide a lovely setting for weddings, parties and outdoor events, and the ability to link the two sizes together gives lots of flexibility to create a design that meets your needs and suits your site. Suppose you want to have 160 guests for a formal sit down wedding breakfast – Two of our 30ft x 40ft Marquees linked together will provide you with a spacious area that will comfortably accommodate you all. You can add a third for a dance floor and entertainment area, or add a smaller 20ft x 30ft Marquee for an entrance or bar area. Maybe you need space for catering or a chill out zone? Or perhaps you will have 40 guests for a casual buffet/barbecue. A single 20ft x 30ft marquee will give you the space you need to ensure everyone can sit down informally and party together.

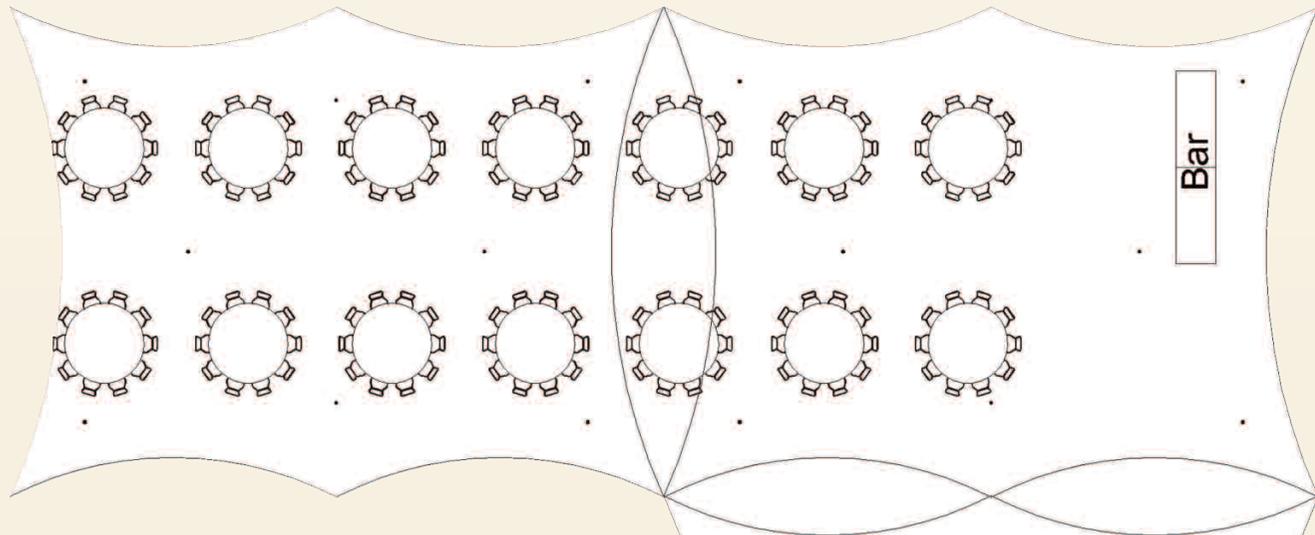

We understand that you want to create the perfect solution, and that you need to stay within budget. Working with you, we will use the flexibility of our Marquees to achieve your vision. We can provide you with flooring, dancefloor, beautiful lighting, and furniture to complete your venue.

Here are some example layouts for various guest numbers, but remember that the possibilities are endless.

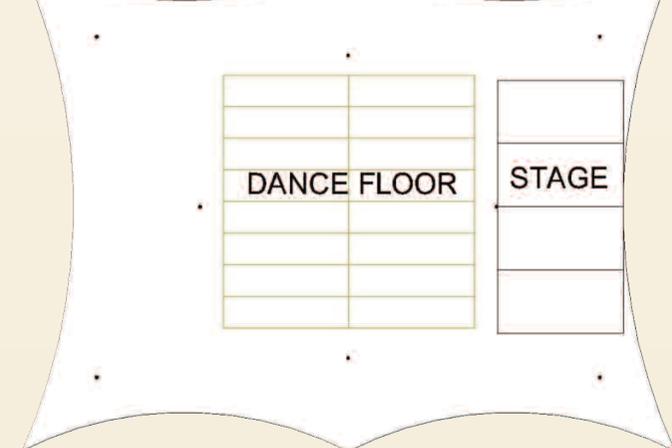

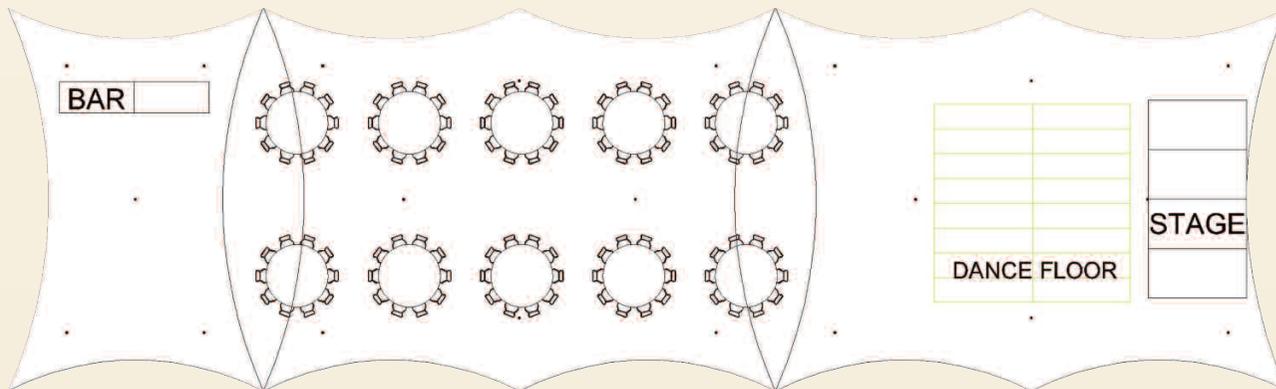

80 Guests with Dance Floor & Stage:

140 Guests with Dance Floor, Stage & Bar:

100 Guests with Dance Floor, Stage & Bar:

Please contact us using the details below and we will always be happy to talk to you about your requirements.

We will be delighted to help you, whatever stage you are at in planning your event.
